

Donation Guideline

This is not a fixed pricing model. It's a suggested framework. You are free to choose the tier, or an amount outside of it, that reflects your current reality.

★ **The Root Tier (\$11 - \$22):** For those currently navigating a period of financial transition or 'clearing'. Your stability is the priority here.

★ **The Alignment Tier (\$33 - \$55):** A standard energy exchange that supports the time, tech, and heart put into these sessions.

★ **The Abundance Tier (\$77+):** For those who are currently thriving and wish to 'Pay it Forward', helping me keep these sessions available for the entire community.
